I am a 33-year-old web developer with over a decade of experience specializing in both frontend and backend technologies. I have worked extensively with HTML, CSS, JavaScript/TypeScript, Docker, Git, PHP, and frameworks such as React, Next.js, and Node.js. I am passionate about delivering high-quality web solutions and thrive in team-based environments where I can help others achieve their goals.

PROFESSIONAL EXPERIENCE

OnPoint Global 2019 - 2023

Senior WordPress Developer - React & Nextjs

- Developed and maintained WordPress websites for internal and client-facing projects.
- Collaborated with a team of developers and designers to improve website functionality and user experience.
